

ACI UK Dealing Simulation Course 2010

In Association with ACI Australia Ltd.

15th to 19th November 2010
**The *FASTEST* Way to Learn How to
Become a Trader or an even better Trader**

**ENTER THE EXHILARATING WORLD OF FINANCIAL MARKET TRADING
FOR**

The only hands-on Simulated Dealing Course of its kind in the world!

There are many critical lessons to be learned to successfully trade the financial markets. Theoretical knowledge is useful, but practical experience is irreplaceable.

The ACI UK Dealing Simulation Course is the *FASTEST* and most effective way to acquire that invaluable applied knowledge. Not for the faint hearted, participants experience realistic trading over several high impact days.

Global Sponsors

The Course

- The **Dealing Simulation Course** teaches physical trading techniques through experiencing the hectic demands of a dealer's job, in a realistic and responsible environment.
- **The only hands-on simulation dealing course of its kind in the world** - No other program currently available offers such a practical and realistic trading platform, whilst encouraging teamwork and healthy competitiveness. Participants truly experience the life of a trader over several intensive days.
- The Course is **run in accordance with the internationally recognised dealer's Code of Conduct** – which encourages best practice, integrity and professionalism in trading the OTC markets.

The Delegates

- Participants will **learn the role of a Treasurer, Sales and Broker** in a simulated dealing room and gain insights into technical analysis, risk management, trading psychology and the OTC financial markets.
- Teams will **experience the excitement and competitive environment** while trying to outperform each other, with high performers being recognised and rewarded.
- **1 ½ years trading experience in less than one week** – The course equips delegates with the equivalent trading experience which is attained in the first 1 ½ years if joining an organisation. This unique course will develop and expand trading skills and knowledge within a safe and responsible environment.
- Delegates have **access to presenters' invaluable wealth of knowledge and extensive international industry experience** – The course attracts high quality industry speakers; current and past market participants, who each have in excess of 20 years' industry experience; this expertise will be available to delegates.
- Each delegate receives a **Personalised Performance Report** at the end of the course. The report highlights delegate's strengths and overall commitment to the program, providing invaluable insight into the individual's style of trading for trading desk managers.

- This course presents a perfect networking opportunity for the delegates – It will allow them to establish relationships and form alliances early on in their career (with other course delegates and key active industry players- the course presenters). Such relationships will be beneficial to both the participants and their employers.

The Dealing Simulation Course has been successfully run by ACI Australia Limited for two decades and over the last five years in BAHRAIN, DENMARK, HUNGARY, KUWAIT, KENYA, MALAYSIA, NEW ZEALAND, SRI LANKA, SOUTH AFRICA, SYDNEY, UK and USA.

Learning Outcomes

The 5 day residential course is designed to train participants in the physical side of trading. The realistic simulation is balanced by market related lectures. At the end of the program, course attendees will have gained an understanding of:

- Trading
- Regulations and compliance
- The role of brokers
- Methods and psychology of trading
- Risk management
- The role of the central bank
- Technical analysis
- OTC financial markets
- Futures Trading

Who should attend?

The experience gained from this course will be of great value to market participants wishing to increase their knowledge of physical dealing techniques. This course is also recommended to participants wishing to establish a career in OTC financial markets.

- New market entrants and anyone hoping to establish a career in securities trading
- Operations staff, legal and compliance officers
- Middle-office employees
- Brokers
- Junior traders and those with up to five years experience in a dealing room
- Funds management employees
- Corporate treasury personnel

What do previous delegates say?

"I will definitely let other aspiring dealers know about this wonderful course and encourage them to attend."

"Hands on experience, but we are well supported by the organisers. The passion they have for the course is incredible and the level of teaching and content meant I learnt a huge amount."

"I really, really recommend that everyone working in the FX space should do this course at some point. It's not easy – we were doing a face-to-face dealing session in the bar at midnight and then were woken up at 4:30am to trade because of an event in Asia– but I was amazed at the speed in which I learnt...on the last day of trading found myself ripping my hair out at my broker (or was it vice versa?) because she wasn't responding quick enough!"

"I think the course is fantastic; it is a great way to teach newcomers to the markets in an intense environment. Very informative, covering every aspect of trading."

"Great course! Was extremely beneficial and I will take a lot from this week. Thanks very much."

"Brilliantly run and was made as realistic as possible. Definitely put this course miles ahead of anything else out there. [I] will definitely suggest for my colleagues to come on this next year."

"As someone with no trading experience I felt like I was thrown in at the deep end. It did make me learn a bit quicker."

"I think the dealing sessions are what makes the course exceptional. I liked everything and it actually changed how I deal with situations – I don't think I would change anything except middle of the night wake up calls. 😊"

"Great to play all parts in the sessions. You learn all the roles and it helps you improve."

"All the speakers were fantastic, I learnt a significant amount from market professionals that gave me an amazing insight into their experiences, how to deal with disappointment and loss and also the passion they have for their careers."

"[I] think the course was paced excellently, you either had to sink or swim early on and invariably got the hang of things quickly because of this. Very good fun."
